Scientific Talk on
Floristic Diversity of Western Ghats

Inauguration and Scientific Talk
DR. G Rajkumar
Principal Scientist & Head,
Plant Systematics and Evolutionary Sciences
JN Tropical Botanical Garden
& Research Institute, TVM

Schedule & Venue
21st October 2022
10 am at College Seminar Hall

St. Thomas College
(Affiliated to MG University Kottayam)
Pazhavangadi P.O, Ranni, PTA

Department of Botany
Campaign to Save THE WESTERN GHATS MOVEMENT

Seminar on
Phytochemical Perspectives of the Flora of Western Ghats

The Western Ghats biologically rich and biogeographically unique - a veritable treasure house of biodiversity. Though covering an area of 180,000km², or just under 6 per cent of the land area of India, the Western Ghats contain more than 30 per cent of all plant, fish, herpeto-fauna, bird, and mammal species found in India. Many species are endemic, such as the Nilgiri tahr (*Hemitragus jayakumari*) and the lion-tailed macaque (*Macaca silenus*). In fact, 50 per cent of India's amphibians and 67 per cent of fish species are endemic to this region.

Speaker
Dr. KB Ramesh Kumar
Principal Scientist,
Phytochemistry and Phyto-Pharmacology Division
JN Tropical Botanical Garden
& Research Institute, TVM
